Decal Installation & Location Instructions

The following examples are approved installation locations for the required decal package.

Contact media@champcar.org with decal location questions.

Sponsor panel placed to the front of the number panel. Decals may be cut out from the white background, but must maintain the same vertical order and maintain a 1-inch space between the decals.

Convertibles and topless cars only. May face forward or toward drivers right like on the roof.

Windshield banner is required at the top. The background is optional. Per the BCCR, do not use white, orange, or yellow backgrounds. Below this location is yours. Cars without front windshields must have the decal at the top of the hood. The letters can be arranged to the curvature of the window.

Additional event specific decals may be required at certain events. Instruction on placement of those decals will be available at the event and in the ChampCar Event Supplements.

Replacements available at Tech & Registration on race weekends. Limited quantities available.

To order decals, visit RVA Graphics & Wraps <https://www.rvagfxstore.com>

Only official ChampCar Decals will be allowed through tech. Do not print your own.

Official decal locations and order are required and are not a suggestion.

You will not be allowed to enter the track until decals are in the required locations.
