Pandemic Info

Event Guidelines

- The following policies are subject to change based on local government guidelines in relation to COVID-19.
- All published local guidelines will be on hand for easy reference.
- ChampCar asks that anyone who is at higher risk for severe illness, feeling unwell, or who has been in contact with anyone that is sick in the last two weeks would stay home.
- If you are healthy, but uncomfortable being around other people for fear of illness, it may be better if you skip the event. ChampCar will happily move your entry fee to another event later in the year.
- Event is closed to spectators. It is advisable that non-participating personnel do not accompany the team to the event.
- While ChampCar is not limiting the number of team members per car in attendance, each track may have restrictions that we must follow. Please read the supplemental rules for each event to see if such restrictions exist.
- ChampCar recommends all participants follow current CDC guidelines on social distancing and personal protective gear. Signs will be placed around the venue to remind people of social distancing and protective health protocols. Teams are responsible for determining which types of protective gear (mask, gloves, etc.) they choose to use and for bringing sufficient supplies for themselves.
- ChampCar will work with the track to have frequently touched surfaces such as tables, counters, doorknobs, light switches, etc. cleaned with disinfectant at regular intervals.
- ChampCar will ensure there are plenty of hand washing stations and/or hand sanitizers in and around the facility, particularly high traffic areas.
- Only essential workers are allowed in specialty work areas such as timing & scoring and race control.

Tech

- Only one team member (preferably the captain) may bring the car to tech.
- Bring your completely filled out tech form with you.
- Required decals will be available and set out on a table so you can pick up your own.
- We ask that you maintain six feet of distance from our tech inspectors.
- ChampCar will place less cars into the tech bay than normal to help maintain greater distances between people.

Gear Tech

- Arrive at gear tech fully suited up in your driver gear, carrying your helmet.
- ChampCar will hand you a gear check decal for you to apply on your own helmet.

Registration

- Only the captain is permitted to be at registration.
- If possible, complete all payments before arriving to registration.
- Registration line will be marked to maintain social distancing.
- Bring the team's completed COVID-19 waivers with you (no waiver = no driver band).
- Bring completed tech sheet and/or log book with you.
- Hard surfaces will be disinfected throughout the day.

Drivers Meeting

- Driver meetings will be held virtually via the ChampCar YouTube Channel. See event supplementals for link.
- Questions can be sent to the event director.
- This is subject to change, please consult the event supplementals for any updates.

Pit Road

- Some events may limit the number of people on pit road. Read the supplemental event rules for info. Even with no restrictions, ChampCar advises teams to not load up their pit boxes with extra people.
- Drivers will still be checked for arm bands at pit out. Please have your band ready to display to our pit out worker.
- Drivers will still need to report to Black Flag at pit in for on-track driving infractions. A ChampCar staff member will write out the infraction and place it on your windshield for you to read.
- All fueling rules remain in place.

Award Ceremony

- Award ceremony will be held outside, and social distancing protocols will be followed. The award procedures will be adjusted per event and track requirements. Most events will have awards handed out at the conclusion of the race impound.

Event Info

ChampCar.Live! : Watch the race from start to finish with live commentary. Visit ChampCar.Live

Test & Tune Information: Friday practice will be from 9:00am till noon (1 hour lunch break), 1:00pm till 5pm. Cost is \$250 per team (unlimited drivers). Payment will be at the gate. A two hour session in both am and pm, for fuel calculation. Arrival on Thursday evening is recommended .

Garages: TBD

Paddock: The paddock is all grass. Bring plywood to put under your car, jack, and jackstands. During rain conditions the paddock can turn into a mud bowl. Be prepared with easyups and ground cover. The cold side of pit lane is also a good place to use plywood on the ground to keep your shoes dry and less muddy.

Warning: When choosing your paddock location, chose higher elevation areas as water collects in the low areas. Pay attention to the weather.

Lighting: VERY limited. Bring your own pit and paddock lighting and generators.

Electrical Hookups in Pit / Paddock: NONE. Bring your own power sources.

Pit Passes: ChampCar racers and their crew will have access with the issued wristbands. Nelson Ledges plans to allow spectators during the event and to charge them separately. So please wear your correct wristbands to prevent confusion during the event.

Pets: Pets allowed into the track must be on a leash at all times. Please clean up after your pet. Pet access is a privilege not a right. The track reserves the right to deny pet access to the property at any time.

Children: Small children (infants, toddlers, etc) are not permitted in the pit area. Children under the age of 16 must be under adult supervision.

Camping: Overnight Camping. Self-contained RV camping is allowed Friday thru Sunday. There are no hook-up sites. Space in the paddock is limited, teams may camp in the paddock, however teams with both a hauler and a separate camper are advised to park their camper in the over-flow area.

Camping / Camper Hookups: There are no hook-up campsites. All camping must be self contained.

Barbeques: BBQ's are allowed in the transporter parking area and thirty feet (30') outside the cold pit area, provided all BBQ's are supervised at all times, a fire extinguisher is within 15' of the open flame, and all open flames are (at a minimum) 20' from all race cars, fuel storage or other flammable sources.

Bathrooms / Showers: There are some bathroom facilities onsite. However, Nelson Ledges is planning to renovate them to increase the number and add showers. If the renovations are not complete, portable bathrooms and showers will be supplied.

Gate: The front gate will be open overnight during the event.

Concessions: The Pit Stop Grill will be open during business hours.

Guest Pass: Teams are advised that all team members, family, and guests who desire Pit Lane access MUST purchase a Pit Pass through ChampCar at the track. \$20 will purchase a weekend ChampCar Temporary Membership pass. ChampCar members can obtain a free pit pass by showing their membership card.

Fuel on site: Sonoco Fuel. 93 octane pump-gas is available on site. Keep your fuel jugs, drums, and containers covered if it rains. Water in your fuel will ruin your weekend.

Weather: We're racing, regardless of the weather. See paddock info above.

Quiet Time: None.

ChampCar Live Timing:

App or web based timing and scoring -

Track Maps

Nelson Ledges recently repaved their facility. The pavement is nice, and they'd like to keep it that way. So if you spill something, please clean it up, quickly. If it's a big spill let us know so we can get some help. Remember, we are borrowing their track, and we want to give it back in good shape.

Teams may cross Pit-Lane to signal their drivers, but they MUST be accompanied by a Pit Marshal to spot them for safety.

NO DRONE ZONE
Unmanned Aircraft Systems
and Drones are Prohibited
at ChampCar Endurance
Series Events
