Event Info

Technical Information

Driver & Crew: Waiver and Gear Check Agreement: Log into your membership portal and complete the Waiver. Once that is completed, continue to the Gear Check Agreement and complete it. Once done, you can collect your event wristband and helmet decal from registration. This waiver and agreement are done once a year.

Race Car Tech Inspection: All teams will be required to do the On-line Tech Form.
The Team Captain will find a button link on your main login page. Three months before the race, the tab "Submit a Tech Form" will take you to an electronic form that looks just like the paper Tech Inspection form. Simply fill in all the boxes at the top, then fill in or click on the listed point value items on your car. Save the form and you are done. At the track the Tech staff will simply check the required safety items on the car. Once the Tech staff clicks save on the safety portion of your online form you will get your annual tech sticker and head to ChampCar registration.
Please verify your timing & scoring transponder and Flagtronics serial numbers, and make certain to add your car class to the tech form.

Flagtronics FT200 Wireless Flagging Display:
This information is subject to change.

Required starting June 1, 2022 per the BCCR. Limited quantities of units may be available to rent. Rental fee is \$50 for the event. Limited quantities available at registration. You may purchase your own FT200 unit at <https://flagtronics.com/champcar>

Fire Bottle: Teams using the ESS brand on-board fire suppression system must remove the bottle from the car and take it to the Tech Inspection area to have them weighed and inspected. This must be done at all events entered.

Sound: Sound readings will take place throughout the weekend. All ChampCars are required to have mufflers, and not exceed 96dBa at 50ft. See next column for more details.

Race Control Log: Want to know why your car was black flagged? <https://champcar.org/web/raceloglive.php>

CLOTHING REQUIREMENTS

Clothing: Long pants are required on the cold and hot pit lane. No shorts!

Event Supplementals

Event Info

Venue Specific Information

Paddock & Pit lane Electric: Sebring Gate Fee: Sebring charges a \$20 fee for all vehicles. Our advice is that you have a \$20 bill in your hand when you enter. They use this to offset electric and plumbing usage. Electrical hookups are along the pit wall and in the garages.

Lighting: The pit lane has very limited lighting and minimal pit/ paddock area lighting. Be advised that ambient lighting may not be sufficient for fueling or mechanical repairs. Therefore, teams are advised to consider alternate power and lighting sources. The use of EZ-ups on the "cold" side of the pit wall are also recommended for keeping out weather and hanging all lighting fixtures.

Pets: They are welcome on property, but must be kept on a leash. Owners are responsible for cleaning up after their pets and must dispose of their waste properly.

Children: No children under-18 allowed on pit road.

Camping: Self-contained RV camping is allowed Thursday, Friday & Saturday night. Must be out of the paddock by Sunday night.

Camping / Camper Hookups: None

Barbecues: BBQ's are allowed in the camping area only, provided all BBQ's are supervised at all times, a fire extinguisher is within 15' of the open flame, and all open flames are (at a minimum) 20' from all race cars, fuel storage or other flammable sources.

Restroom / Showers: Yes. / Yes. Restrooms under the stands and in the paddock buildings. Showers are located in the paddock restrooms.

Gate: 24-hour gate coverage.

Concessions: The facility restaurant on site will be open.
Times TBD

Fuel on site: Credit Card pumps open Saturday and Sunday (Race Days)

Weather: We're racing, regardless of the weather.

What is UUC Motorwerks? UUC is the acronym for Underground Upgrade Club.

For those automotive enthusiasts who have “significant others” (wives, husbands, etc.) who do not understand the desire and need to enhance the performance of a vehicle, welcome to the club.

If you ever get these kinds of questions: “Why do you need new wheels when the old ones are fine? Why do you need new suspension if the current ones aren’t worn out? Isn’t your current car fast enough?” - we empathize with you. You might just have to hide a few things from the Missus or your Old Man. You know the drill...no credit card or check purchases... sneaking cash to buy upgrades to feed your automotive addiction. For your convenience, UUC Motorwerks accepts cash and we ship discretely. We can even ship to your employer!

The UUC does NOT stand for “cheap” or “inexpensive” upgrades. We all know the expression, “you get what you pay for.” At UUC, we make sure you get more than you pay for.

What UUC also stands for is ultimate quality. When we see the need for a part, it’s because the offerings in the marketplace are simply not good enough. If we can make it better, we’ll make it. If we make it, it will be the best. That’s our design and manufacturing philosophy here at UUC Motorwerks.
