<https://champcar.org/web/rules.php>

Reading the rules is required by all CCES drivers, crew and car builders.

Event Supplementals

Event Info

Technical Information

Driver & Crew: Waiver and Gear Check Agreement: Log into your membership portal and complete the Waiver. Once that is completed, continue to the Gear Check Agreement and complete it. Once done, you can collect your event wristband and helmet decal from registration. This waiver and agreement are done once a year.

Race Car Tech Inspection: All teams will be required to do the On-line Tech Form. The Team Captain will find a button link on your main login page. Three months before the race, the tab "Submit a Tech Form" will take you to an electronic form that looks just like the paper Tech Inspection form. Simply fill in all the boxes at the top, then fill in or click on the listed point value items on your car. Save the form and you are done. At the track the Tech staff will simply check the required safety items on the car. Once the Tech staff clicks save on the safety portion of your online form you will get your annual tech sticker and head to ChampCar registration. Please verify your timing & scoring transponder and Flagtronics serial numbers, and make certain to add your car class to the tech form.

Flagtronics FT200 Wireless Flagging Display:

This information is subject to change. Required starting June 1, 2022 per the BCCR. Limited quantities of units may be available to rent. Rental fee is \$50 for the event. Limited quantities available at registration. You may purchase your own FT200 unit at <https://flagtronics.com/champcar>

Fire Bottle: Teams using the ESS brand on-board fire suppression system must remove the bottle from the car and take it to the Tech Inspection area to have them weighed and inspected. This must be done at all events entered.

Sound: Sound readings will take place throughout the weekend. All ChampCars are required to have mufflers, and not exceed 96dBa at 50ft. See next column for more details.

Race Control Log: Want to know why your car was black flagged? <https://champcar.org/web/raceloglive.php>

Event & Venue Information

Quiet Time: 8:00pm to 8:00am.

Test & Tune Information: <https://www.motorsportreg.com/events/pitt-race-full-track-test-tune-champcar-international-complex-097683>

No Passengers Allowed.

\$225 per car for ½ day (Afternoon sessions ONLY) - There is a \$30 walk-up fee if you do not pre register.

This event will run from 12:30 pm until 5:30 pm with alternating sessions between run groups. This is one hour longer than a normal afternoon Test and Tune to allow for more ChampCar drivers to rotate through practice. On-track incidents, mechanical delays and adverse weather are unpredictable and could result in reduced track time.

To be clear, your registration is for one run group, not both. If you are registering a ChampCar, it can only run in the ChampCar group. You cannot use that car in the non-ChampCar group. However, you may register for the other run group with a different car that meets the eligibility requirements of that group.

- Driver Check-In begins at 10 am followed by a mandatory driver's meeting at 11:45 am. If you arrive after the drivers meeting you must see the lead instructor before you will be given access to the track.
- No race engines may be started before 8 am or after 8 pm. You will be asked to shut off your engine and it may result in a penalty with reduced track time for your vehicle.
- Pitt Race determines the schedule and run groups based on enrollment. In the interest of safety, Pitt Race reserves the right to limit the number of participants on the track at any time.

Garages: If you are interested in renting a garage or an electric supplied paddock spot for this event please call the track at 724-535-1000. Please note that this is a separate reservation from the weekend rental you may have scheduled with another organization. Reservations must be paid for at the time of booking.

Paddock: Paddock on the asphalt only, do not park vehicles on the grass or "no parking" zones. No vehicle testing, brake bedding, etc. on paddock roads or the skid pad area. Pit bikes, golf carts, side-by-sides must be operated by a licensed driver. Paddock speed limit is 15mph.

Paddock Electric: Limited, bring generators.

Pitlane Electric: None. Bring generators.

Event Supplementals

Event Info

Event & Venue Information

Lighting: Some lighting is available but teams should bring additional lighting.

Pets: No pets on pit lane. Pets are allowed into the paddock must be on a leash at all times. Please clean up after your pet. Pet access is a privilege not a right. The track reserves the right to deny pet access to the property at any time.

Children: No children under-18 allowed on pit road.

Camping / Camper Hookups: Teams may use self-contained campers in their paddock spaces.
Do not nail tent or awning legs to the asphalt.
Premium RV spots, reserve through
PIRC - Call 724-535-1000
Wood or other weight displacement materials must be used under all trailer or RV landing/leveling gear.
The pre-reserved electrical power spots are for those customers only. It has 50 amp service so have an adapter if your RV runs on 30 amp.

Barbecues: BBQ's are allowed in the paddock area only, provided all BBQ's are supervised at all times, a fire extinguisher is within 15' of the open flame, and all open flames are (at a minimum) 20' from all race cars, fuel storage or other flammable sources.

Restroom / Showers: Restrooms and showers are available in the paddock .

Gate: 24-hour gate coverage.

Concessions: Will be open for this event.

Weather: We're racing, regardless of the weather. Prepare for rain, heat, and high humidity.

Event & Venue Information

Fuel on site: Sunoco Racing Fuel is the official fuel of Pitt Race. The following grades are available at the facility pay-at-the-pump station. There is a Sunoco mandated security program in place that will limit you to three transactions on the same card in one day. If you think you will need more fuel, bring more than one card.

Leaded 110 Octane

Unleaded 100 Octane

Premium Unleaded 93 Octane

Fluid Disposal: Fluid wastes must be placed in approved disposal containers located at various sites in the paddocks and NEVER on the ground.

ChampCar Live Timing:

App or web based timing and scoring -

- <http://www.racehero.io>
- <http://www.race-monitor.com>

Drones: Unmanned aircraft systems and drones are prohibited at ChampCar Endurance events at all times.

Photo credentials: You will still need to fill out the ChampCar media / photo credential app.

<https://champcar.org/web/media.php>

All credentialed media and photographers must be full ChampCar members.

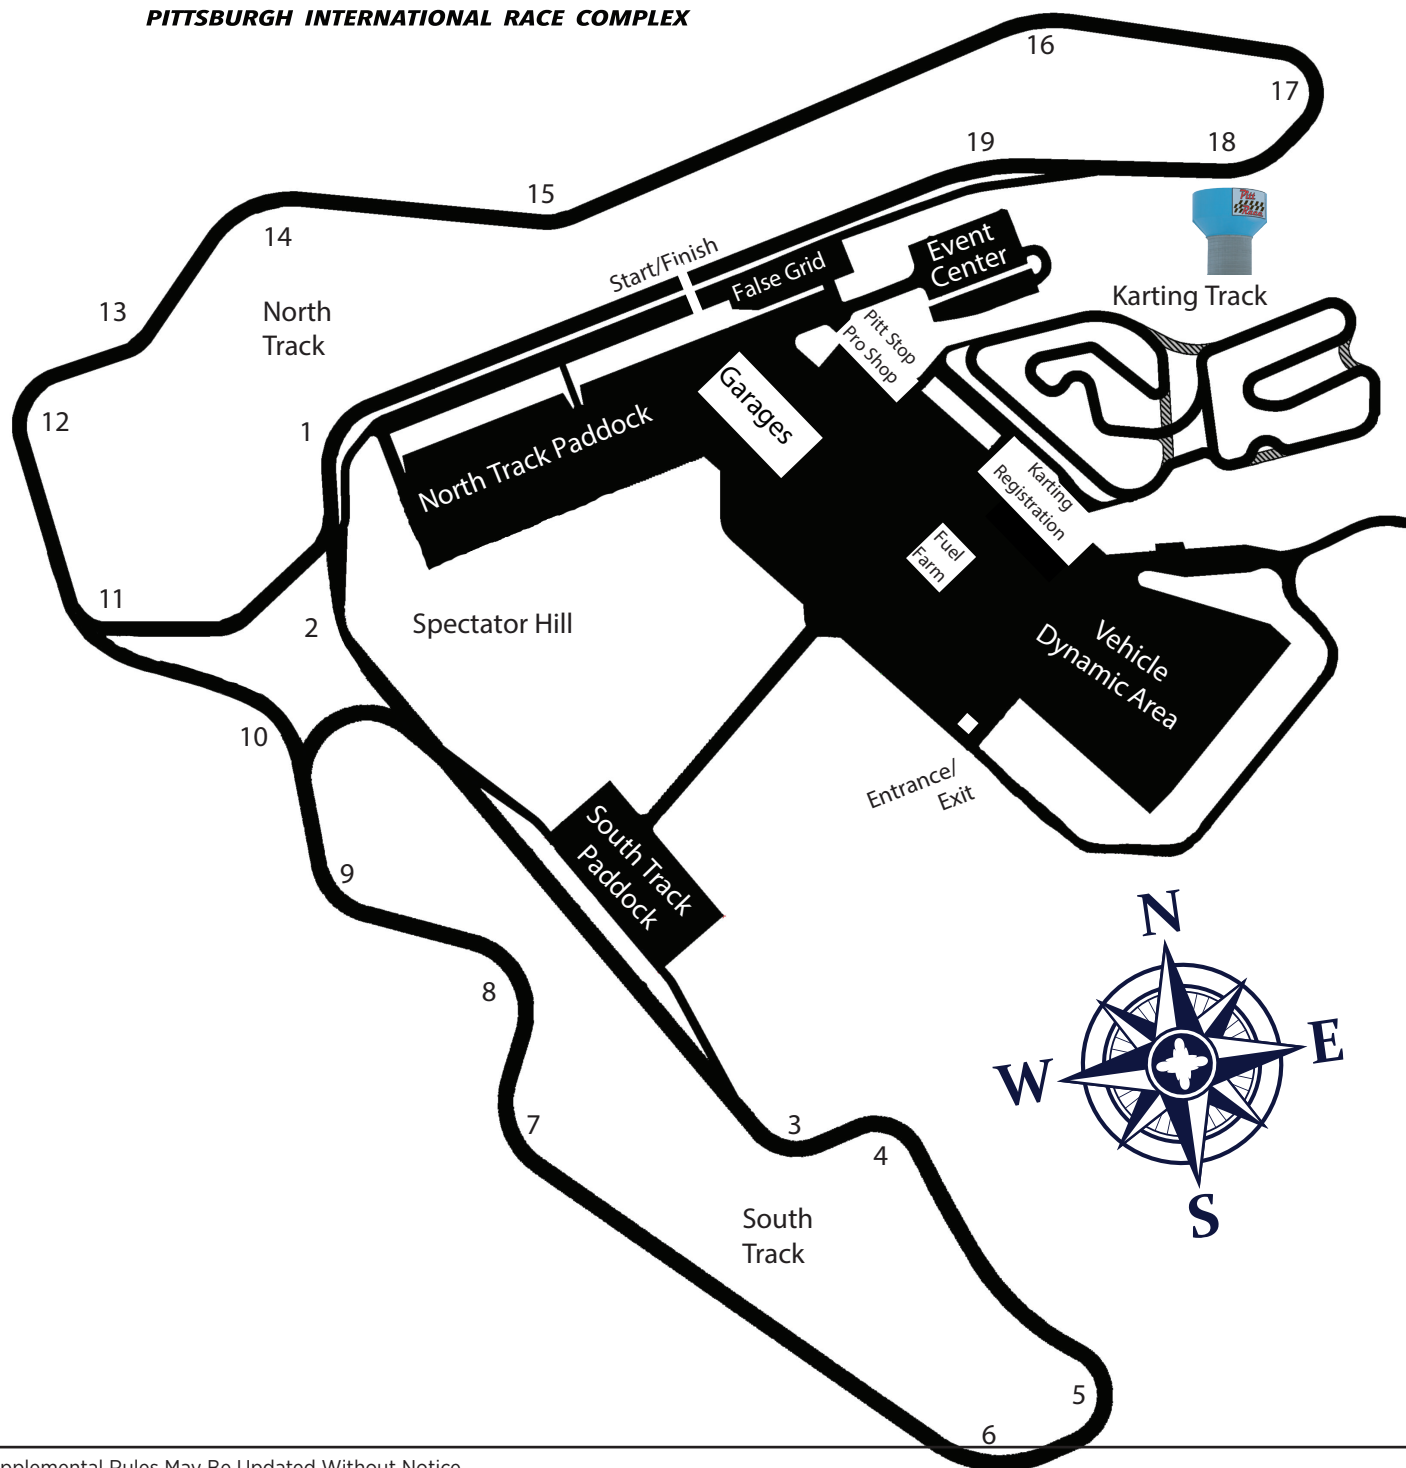

There may be other requirements as set forth by the track.

Email bill.strong@champcar.org for more info.
