

# Decal Installation & Location Instructions

The following examples are approved installation locations for the required decal package.

Sponsor and number panels must be attached between the arrows as shown. Sponsors may be cut out of the white panel, but MUST remain in the same order and be applied in the vertical style as shown. You must plan your graphic style around the number/sponsor panel placement. Per the BCCR numbers on all number panels shall be black and at minimum 8.0" tall. Fonts shall be a minimum of 1.0" wide (brush stroke) and a maximum of 1.5" wide.

The TIRERACK windshield banner is required at the top of the window. The background is optional. Per the BCCR, do not use white, orange, or yellow backgrounds. TIRERACK letters must be white. Cars without front windshields must have the decal at the top of the hood. The letters can be arranged to the curvature of the window. Team sponsor decals may go below the TireRack decal.

The roof number panel must be mounted as shown. If your car does not have a roof, you may attach the number panel to the hood as show. Per the BCCR numbers on all number panels shall be black and at minimum 8.0" tall. Fonts shall be a minimum of 1.0" wide (brush stroke) and a maximum of 1.5" wide.

Class/Number bumper decal must be attached to the rear of the car as shown between the arrows.

All of the decals shown on the left image must be applied to your ChampCar before you tech the car, and start the race event. The window banner MAY be replaced with the ChampCar supplied white die cut decal. Any missing decals can delay the start of your race.

ChampCar Tech will have a limited number of blank number panels for sale along with free sponsor panels, TireRack window die cut banners, class letter, and blank rear bumper class decals.

The number panel design will allow you to remove the top and lower Sponsor/ChampCar sections if you race with other sanctioning bodies. Just visit tech when you return to ChampCar to get new upper and lower sections of the number panel for free.

Order decal packages with printed numbers at <https://rvagfx.com/store>  
 Please allow 3-4 weeks before your event as shipping may be slow.  
 Don't wait until the last minute to order.
